SEDALIA, MISSOURI, FRIDAY EVENING, NOVEMBER 6, 1908.

VOL. 2, NO. 263, PRICE FIVE CENTS

IS FOR MR. TAFT BY 4,593

RETURNS PRACTICALLY COMPLETE FROM EVERY COUNTY IN THE STATE.

LEGISLATURE TO BE DEMOCRATIC

Hadley's Plurality, Still Incomplete, Is 16,993, With Other State Officers in Doubt—McKinley Defeats Kerens.

St. Louis, Mo., Nov. 6.—Supplementary returns early today failed to disturb materially Mr. Taft's lead of 4,235 votes in Missouri. The state legislature seems fixed at a democratic majority of six on joint ballot, though this is subject to change.

Returns this far indicate an average republican lead of two thousand for the minor places.

Less than 75 per cent of the vote is included in these reports.

Results on the amendments are lacking.

Earlier in the Day Figures.

St. Louis, Nov. 6.—Returns, most of them official, all of them practically complete, from every county in the state, give Taft a plurality over Bryan in Missouri of 4,593 votes. Hadley's plurality over Cowherd is 16,993. There will be few more figures coming in from now until the time of the official count. In the aggregate more of them will go in the Taft and Hadley column than will be given to their opponents. But there are so few precincts now that have not been reported that the total changes can not be large.

In the race for United States senator Stone maintains his lead over Folk so large that there is little prospect of Folk cutting it down enough to make even a race from now on. Eighty counties have reported on senator. Many of the figures are estimates, but the totals are Stone 143,019, Folk 124,190.

As the country precincts come in they cut down the big pluralities Stone had in the large cities, but there are not enough of them out to leave much to encourage Folk. On the republican side John C. McKinley is the choice of the party. His pluralities over Kerens are piling up steadily and will be as large or larger than Stone's when the last figures have been counted.

On the state officers below the governor there is much uncertainty. Figures from the large cities and eighty-two counties on secretary of state practically complete, were added early this morning. They gave John E. Swanger, republican, 274,375, and Cornelius Roach, democrat, 271,656. The lead for Swanger is not a safe one, however, for the reason that the remaining thirty counties from which there are no figures on secretary of state gave Bryan 6,600 plurality. It is to be assumed that Roach and Swanger will run about the same in proportion to the head of the ticket in these counties as they did in the others. If they did Swanger is defeated and Roach elected by something like 4,000.

The democratic candidate for auditor, John P. Gordon, is probably elected, as he seems to have run ahead of Swanger in a good many places. The outlook for other democrats, unless it be James Cowgill for state treasurer, is not so favorable.

The house is republican by a majority that is at least six votes and is more likely to be eight or ten. William H. Phelps, who knows much about legislatures, said at midnight that the legislature is seventy-four republican and sixty-eight democratic. At that time the democrats were claiming the member in Clark county, but an official report from Clarke late last night gave the county to the republicans.

There is a chance that the legislature will be a tie on joint ballot, or republican, as there are several counties so close that a correction of ten or twelve votes would throw them in to the republican column. These are now claimed by the democrats and the republicans, who are going slow in the matter of claims, do not dispute them until they have the figures to dispute them with.

The constitutional amendments have now small show of being adopted. In some counties they would vote against part of them as though by common consent. The good roads amendments met with big opposition

in some places and carried fair majorities in others. The figures are far too meager to give very reliable information as to the final result.

To Keep Marriage a Secret.

A popular Sedalia girl and a well known and equally popular M. K. & T. employe, running on the road out of this city, are to be united in marriage at an early date, but if present plans are carried out, no one will know of the ceremony until long after the event has been solemnized.

The intention of the couple is to "fool" the friends of the contracting parties, as well as the local press, and on this account both are emphatic in their denial that any such step is contemplated.

BETS ON THE ELECTIONS

IS BELIEVED THAT FULLY \$75,000 CHANGED HANDS IN ST. LOUIS.

COWHERD WAS STRONG FAVORITE

Otto Stifel, the Brewer, Is Possibly the Happiest Man in the Mound City—His Winnings Aggregated a Large Sum.

St. Louis, Mo., Nov. 6.—The book-making talent and democratic enthusiasts of St. Louis picked W. S. Cowherd, democratic nominee for governor for a winner, and lost heavily. At least \$75,000 changed hands on the result.

"Pop" Harris, proprietor of a downtown cafe, bet \$2,500 to \$1,250 against Hadley, the short end being taken by "Hank" Weeks and other well known republicans.

Probably the happiest man in St. Louis is Otto Stifel, Mr. Stifel refused to say yesterday what the Hadley victory meant to him financially, but a well informed republican leader asserted that the brewer politician's winnings would total many thousands.

Chris Brockmiller, Billy Hagermann, John Cornelius, Al Kennedy and other turf experts are believed to have sunk a large sum by reason of the democratic disaster.

Cowherd was played as a favorite throughout the city.

MRS. M'KENZIE'S FUNERAL

Will Be Held From the Residence Saturday Afternoon.

The funeral of Mrs. Katie McKenzie, wife of A. W. McKenzie, who died of a complication of diseases at her home, 510 South Quincy avenue, Thursday afternoon, will be held from the family residence at 2 o'clock tomorrow afternoon.

Rev. D. M. Clagett, pastor of the Broadway Presbyterian church, will officiate, and burial will be made in Crown Hill cemetery. The music will be in charge of Mrs. W. D. Steele, Mrs. C. H. Gard and Mrs. Harvey MacGugin. Mrs. E. F. Yancey who was desired, is absent from the city. The following friends will serve as pallbearers: Mayor J. L. Hancock, W. M. Johns, Judge D. E. Kennedy, T. H. Johnson, R. C. Combs and E. R. Smith.

COUPLE ARE RECONCILED

Abbie Rice, Connected With Mysterious Murder, and Husband.

Omaha, Neb., Nov. 6.—Irving Rice and wife, Abbie, have become reconciled and announced today that following the close of the trial of Chas. E. Davis for the murder of Dr. Rustin, they would begin life anew in a strange community.

The woman is the chief witness in the Davis trial and is likely to be released from jail soon.

TAFT'S ELECTORIAL VOTE, 319

The Next House Will Have Forty-One Republican Majority.

Washington, Nov. 6.—Conceding Missouri to Taft, and leaving Maryland to be split between him and Bryan, the figures show 319 republican electors assured and 156 democratic. Latest congressional returns indicate that the next congress will be composed of 216 republicans and 173 democrats, a majority for the republicans of 41.

BANKERS FOUND GUILTY

JURY SAYS FEDERAL LAW WAS VIOLATED BY PROMOTER AND COMPANION.

BOTH ACQUITTED OF CONSPIRACY

Wives Give Vent to Feeling as Husbands Are Taken to Jail—Sentence Is to Be Passed Up on Them Today.

New York, Nov. 6.—Charles W. Morse was sentenced to fifteen years' imprisonment by Judge Hough, of the United States court today. The sentence of Currier was suspended. Sentence on Morse was based on the verdict of guilty of the misappropriation of the funds of the National Bank of North America, and making false entries in the books of that bank.

It is understood that if Morse goes to prison he will be confined in the federal prison at Atlanta, Ga.

A ten days' stay of execution was granted Morse by Judge Hough, and it is understood notice of appeal will be filed immediately.

Morse was taken to the Tombs prison at 1 o'clock this afternoon. At that time it was announced that no application for his release on bail would be made today.

Returned Verdict of Guilty.

New York, Nov. 6.—Charles W. Morse, until a year ago a dominant figure in the world of finance, and Alfred H. Curtis, former president of the National Bank of North America, were found guilty last night in the criminal branch of the United States circuit court, on charges of misappropriation of funds and falsifying the books of the bank.

There was also the additional charge of conspiracy against the prisoners, but the jury acquitted the men on this count.

Within five minutes of the time the jury had rendered its verdict Judge Hough had refused to entertain a motion for bail and had committed the two bankers to the Tombs prison. The judge said that he would hear any motions the lawyers for the prisoners desire to make today.

The federal statutes provide a minimum penalty of five years' imprisonment for falsifying the books of a bank, and a penalty of two years' imprisonment for misapplying funds. No alternative but imprisonment is provided for conviction on the charge of falsifying the books of a bank. The maximum penalty on this charge is ten years imprisonment.

The jury recommended clemency for Mr. Curtis, but made no recommendation in the case of Mr. Morse.

DEATH CAME SUDDENLY

Mrs. Bessie White Died at Her Home in Lamonte.

Mrs. Bessie White, daughter-in-law of Dr. T. E. White, city milk inspector of Sedalia, died very suddenly of acute indigestion at Lamonte at 8:45 o'clock last night. She was 22 years of age and was the wife of James D. White, formerly of this city, now living at Lamonte.

Mr. and Mrs. White were preparing to drive to the home of Mrs. White's brother, three-fourths of a mile from Lamonte, when she was taken critically ill. Dr. J. P. Walker was summoned, but medical aid availed naught.

Mrs. White was married last April. Besides her husband, she is survived by her parents, Mr. and Mrs. Joseph Staples, of Lamonte, and two brothers and two sisters.

Funeral services were held at the Lamonte Methodist church at 3:30 o'clock this afternoon. Rev. J. F. Welborn officiating. Burial was made in the Lamonte cemetery, and as a tribute of respect all of the business houses in the city were closed during the hours of the funeral.

BET A COW ON HIS WIFE

She Was Defeated and Mr. Burton Will Now Buy His Milk.

Topeka, Nov. 6.—G. G. Burton, whose wife ran on the democratic ticket for superintendent of public instruction, paid an unusual bet on election yesterday when he transferred the title of a registered Holstein cow

valued at \$175 to R. K. Putnam, of Oakland.

Prior to the election Mr. Burton wagered the cow against \$5 that the entire republican state ticket in Kansas would not be elected. Burton thought his wife would be elected.

In Honor of Bride-to-Be.

Miss Anna Giegel, who is to be united in marriage to S. R. Smith next Tuesday morning, will be the guest of honor at a bridal shower to be given by the ladies of the Bell Telephone company at the home of Miss Bess Brinton, Eleventh and Ingram avenue, tomorrow night.

Each guest will present the bride-to-be with some variety of linen, and various games, customary on such occasions, will be played, after which refreshments will be served.

HE FELL INTO GOOD "JOB"

A PHILADELPHIA REPORTER IS PUT ON THE TICKET TO FILL SPACE.

GETS BIG VOTE AND \$5000 A YEAR

About All He Will Have to Do in Performing Official Duties Will Be to See That Ballots Are Printed.

Philadelphia, Nov. 6.—Given three weeks' leave of absence from his paper that he might act during the campaign as secretary of a "Philadelphia party," a reform movement in opposition to the republican city organization, Frank J. Gorman, 24 years old, a reporter, was nominated at the last minute for county commissioner, more to fill up the ticket than with any idea of electing him.

The completion of the count early this morning showed that Gorman had slipped into a job that will pay him \$5,000 a year for the next three years.

About all a county commissioner in Pennsylvania has to do is to see that the election ballots are printed correctly and have general supervision over the general election officers. Three are elected in each county every three years—two by the majority party, the third place going to the minority party, who polls the larger vote of the two nominated by his party. It was in this way that young Gorman got in.

Gorman was graduated from the High school only three years ago and has been a reporter ever since. He was married in August. He will be the youngest man ever chosen county commissioner.

SAM D. M'GINLEY QUILTS

Sells Lease on the Baltimore Hotel at Moberly.

Sam D. McGinley, a former Sedalia traveling man, was written of as follows in the Moberly Democrat of last afternoon:

Bruce Richmond, formerly proprietor of the Richmond hotel, has purchased the lease on the Baltimore hotel, on East Coates street, and will take possession of his new business in a short time.

The Baltimore hotel and fixtures, including all the furniture, belong to O. Ratzer, who conducted the business himself for a while, but leased the building and contents to Mr. McGinley a year or more ago.

Mr. McGinley's lease has not expired yet, and Mr. Richmond being anxious to secure this business, had to purchase the lease from the present proprietor and manager.

The terms of the deal are not made public, but we are informed that Mr. McGinley made a neat sum on the transaction. He is now in Kansas City on a deal for a large hotel at that place, and will move his family to that city at once if the deal goes through.

ROOSEVELT FOR SENATOR

Indications Point to President Going to Upper House in 1909.

Washington, Nov. 6.—That Roosevelt may be the successor of Senator Platt in the senate is considered by many in Washington as not at all improbable. These regarding this as possible declare that they have the assurance from the president himself that he would not be entirely averse to the senatorial office under conditions prevailing after March 4th.

A CABINET FOR MR. TAFT

SIX MEMBERS OF ROOSEVELT'S OFFICIAL FAMILY ARE TO REMAIN.

TO REWARD CHAIRMAN HITCHCOCK

Besides Root, Meyer, Wright, Garfield, Wilson and Straus, Taft Will Have Hitchcock, Kellogg and Loeb.

Cincinnati, O., Nov. 6.—The cabinet that President Taft will announce March 4 will be this:

Secretary of State—Elihu Root, New York.

Secretary of the Treasury—George Von L. Meyer, Massachusetts.

Secretary of War—Luke E. Wright, Tennessee.

Postmaster General—Frank H. Hitchcock, Massachusetts.

Secretary of the Navy—William Loeb, Jr., New York.

Attorney General—Frank B. Kellogg, Minnesota.

Secretary of the Interior—James B. Garfield, Ohio.

Secretary of Agriculture—James Wilson, Iowa.

Secretary of Commerce and Labor—Oscar S. Straus, New York.

The secretary to the president will be Fred W. Carpenter, of Minnesota and California.

Mr. Taft, as president-elect, is barred by precedent or ethics, or something, from expressing his views in interviews, or even answering categorical questions. But there have been opportunities for his friends to learn his ideas.

The cabinet named above will be permanent. Mr. Root will remain as secretary of state throughout the administration of Mr. Taft, even should it extend over eight years, if he wishes to do so. No one in public life has more of Mr. Taft's regard or respect. The feeling between the two men, often expressed by both of them, is that of chums.

It is well known in Washington that Mrs. Root, while appreciating the position that her husband occupies, feels that his large talents as a lawyer could find a broader field in New York. She herself, however, has said that her husband had found his greatest enjoyment in the work of the state department, and she has little hope that her ideas will prevail.

Mr. Meyer, the present postmaster general, will succeed George B. Cortelyou as secretary of the treasury. Mr. Meyer is so much interested in establishing a parcels post and a postal savings bank that he does not want to leave the work, but Mr. Taft has the highest idea of his financial ability, and the Massachusetts member of Mr. Roosevelt's cabinet will move up Pennsylvania avenue after March 4.

Gen. Luke E. Wright, of Tennessee, was put into the war department to succeed Mr. Taft because of his intimate knowledge of the Philippines and Panama conditions. Mr. Wright, however, is a democrat, and it is unlikely that he will be retained more than a few months after the inauguration, as Mr. Taft will feel himself able to direct any new secretary of war on those subjects. It would be no surprise if Gen. Clarence A. Edwards, now chief of the insular bureau, should succeed Gen. Wright as secretary of war.

Frank H. Hitchcock was slated for the portfolio of postmaster general when he was taken away from the Cortelyou movement last February to take charge of the Taft boom for nomination.

William Loeb, Jr., indicated some time ago that while he appreciated the statement of Mr. Taft that he could have anything he wanted "within reason," he was going out of politics into business. It is known, however, that Mr. Loeb, as secretary to Mr. Roosevelt, has taken almost as much interest in the navy as the president himself, and has learned much of the details of the department. Mr. Taft feels that Mr. Loeb is the best equipped man for the department and Mr. Taft is as ardent an advocate of a greater navy as is President Roosevelt.

Frank D. Kellogg is now committee man for Minnesota, has been "trust buster" for the administration, and will be the next attorney general. It is true that he has been attorney for the steel trust, but Mr. Taft said flatly toward the close of the campaign that he could see no harm in any attorney not a member of the official family of the government exercising his right

as attorney as a lucrative employment.

Mr. Taft feels that young Mr. Garfield, the present head of the interior department, has shown ability that should be rewarded by reappointment.

Will Return Without Requisition.

A member of the Democrat-Sentinel staff last night received the following self-explanatory telegram from C. C. Van Wagner, better known as Lon Van Wagner, a former Sedalia shoe merchant, who now resides with his family at Fort Dodge, Ia., and travels for a St. Louis shoe factory:

"Anita, Ia., Nov. 5.—If Missouri has gone republican I will return without requisition papers.—C. C. Van Wagner."

FOUR STATES ARE SPLIT

WENT FOR MR. TAFT, BUT AT SAME TIME ELECTED DEMOCRATIC GOVERNOR.

MANY SURPRISES IN THE ELECTION

Had They Gone for Mr. Bryan for President It Would Not Have Changed the National Result.

Washington, Nov. 6.—In several of the states which gave Taft and the national republican ticket a plurality, democratic governors were elected on account of their popular following.

Indiana elected Thomas R. Marshall, democrat, as its governor, while it gave Taft a plurality of 18,000. Minnesota elected John A. Johnson, democrat, governor, while it gave Taft a plurality of 50,000. Ohio elected Judson Harmon, democrat, as governor, at the same time giving Taft a plurality of 75,000. Rhode Island elected Olney Arnold, democrat, while it gave Taft a plurality of 7,000.

It will be noticed that in many of these states the democratic candidates for governor had easy running and won out by good majorities, while Taft polled a heavy plurality.

Had Bryan carried the states in which democratic governors were elected he would not have had enough to win. The total electoral votes of the states electing democratic governors amounted to 53. This deducted from the 311 votes given Taft would have left him 258 electoral votes, while added to those given Bryan would have made him but 225 votes.

MRS. CHANEY ASKS DIVORCE

Suit Filed Today in the Pettis County Circuit Court.

In a petition, consisting of four closely typewritten pages, filed in circuit court this afternoon, Mrs. Lena G. Chaney applied for a decree of divorce from her husband, ex-Congressman J. H. Chaney, and at one time an active member of the Law Enforcement league of this city. Barnett & Barnett are her attorneys.

She also prays for a reasonable amount of alimony to be deducted from defendant's estate, which she alleges is valued at \$8,000. They were married in July, 1905, and lived together until October 15, 1908.

Plaintiff's allegations are numerous, among them being that defendant was cold and indifferent in his love for her; that he cursed her; that he assaulted and abused her; that he convinced plaintiff that he retained no love for her.

The principal allegation of plaintiff is that on Oct. 14, 1908, defendant urged the plaintiff to go to California, Mo., to attend the W. C. T. U. convention, and while she was in attendance at the meeting defendant moved the greater portion of the household goods from their home to the home of his daughter, where he has since been residing.

On her return from the convention, in the early morning hours, plaintiff alleges she proceeded to her home to find it vacant, and went to the home of defendant's daughter, where she found defendant, and was requested by him to go back home and stay there.

Summons were ordered issued, returnable at the next term of court.

Canvassing Election Returns.

The canvassing board engaged in canvassing the returns of the election on November 2 expects to complete its work late this afternoon, except the Fourth ward, wherein a discrepancy was discovered, the result of which has not yet been amicably settled.

"JONAH AND THE WHALE"

REV. G. A. HOFFMAN WILL NOT TRY TO PROVE THE TRUTH OF THE "STORY."

SAYS HE PAID FOR A COMPROMISE

Preacher Settles Suit of Bible College at Columbia, Missouri, That Wanted Whale's Identity Established.

St. Louis, Mo., Nov. 6.—A plea in abatement filed in the circuit court at Clayton yesterday reveals the fact that the Rev. G. A. Hoffman has abandoned his plan to prove that Jonah was swallowed by a whale, and has agreed to a settlement with the Bible College of Missouri, at Columbia. The suit was for \$5,000, and the settlement shows an agreement to settle on a basis of \$2,500.

The settlement was made out of court sometime ago, and the suit was to have been dismissed, but notes, secured by real estate, were tendered in lieu of the \$2,500. These were refused by the Bible college. R. L. Shackelford, attorney for Mr. Hoffman, says the settlement was final, and objects to a trial of the case.

He filed his plea yesterday, maintaining that the notes are good and that they are all his client offered in the settlement. The real estate on which the deed of trust was made is in Cooper county, Missouri. The contention of the Bible college is that it is not sufficient security for the debt. Mr. Hoffman, formerly connected with the college gave a note for \$5,000 toward an endowment for the college, but was later discharged from the position which he held. The note became due about a year ago and he refused to honor it, because, he said, it was given because he believed the college would be conducted along the lines which he approved.

In his answer Mr. Hoffman called the Columbia institution an "offshoot of the University of Chicago, endowed by John D. Rockefeller, a hotbed of infidelity." He alleged that the students of the college were taught that the whale story in the Bible was a myth, and that many other statements are not to be believed.

To make his stand consistent some maintained that it would have been necessary to prove the truth of the stories in the Bible.

Mr. Shackelford declared yesterday that it was not a fear that these stories could not be proved that induced Mr. Hoffman to agree to a compromise. He said it was purely a business matter.

The case is set for trial Nov. 10. Attorneys for the Bible college said they would be unable to try the case then and would ask that it be continued.

Mr. Shackelford said the plea in statement must be decided first before the trial can be called, and that if he is successful in his claim that the settlement has been made and accepted, there will be no trial.

GOMPERS WILL ANSWER

Going to Federation Convention at Denver to Reply to Critics.

Washington, Nov. 6.—Ready to answer before the convention recent attacks on him for his course in the late campaign, Samuel Gompers, president of the American Federation of Labor, left for Denver today to attend the twenty-eighth annual meeting of that body, which begins next Monday. He declared that he is not averse to re-election, though he is not seeking the office.

Will Ask Court's Aid.

Late this afternoon the democratic candidates and their friends had agreed to petition Circuit Judge Hoffman to grant an order authorizing a recount of all ballots cast in the Fourth ward.

At the time the Democrat-Sentinel went to press the republican candidates had opposed the petition, although their attorney, C. C. Kelly, suggested acceding to the filing of the request.

Election Expense Statements.

C. R. Gorrell, defeated candidate for assessor, today filed with Recorder Morey his statement of expenses incurred from the campaign, amounting to \$50. L. V. Ware's expenses, according to a statement filed, amounted to \$62; while Lou H. Kahrs, constable, spent \$94.25.

WHAT GENERAL HADLEY PROMISES.

General Hadley in a statement issued Wednesday night and published in the Democrat-Sentinel yesterday evening says that he owes his election to democrat as well as republican votes, that he will give the people of the state a clean, strong, progressive administration, and that his conduct of the office of governor will be in no sense a partisan one.

If he does carry out this intention he should receive the co-operation of all democrats in all measures looking to the public good.

In the next four years Missouri should make great strides in material advancement, and if a republican governor is willing to aid in this march, the fact that he is a republican should be no excuse for democrats to endeavor to block his efforts.

Every citizen, be he democrat or republican, should be proud of the state and endeavor to make its future achievements greater than in the past. Partisanship can have no rightful place when it in any way interferes with the public weal.

IS HE EQUAL TO THE TASK?

President-elect Taft will enter next March upon an administration of large possibilities, against which there will be, however, stupendous obstacles. He will have the same reactionary congress to deal with that Roosevelt found intractable, that neutralized much which he attempted and that helped to make his so-called reforms more empty than real.

The conditions remain unchanged which permitted:
Harriman to loot the Alton of \$60,000,000;

Standard Oil to take \$490,315,934 of profits, largely unearned, in seven years, while escaping, so far as can be seen now, Lands' \$29,000,000 fine;

The steel trust to take profits of \$190,000,000 in one year, while selling steel 25 per cent to 30 per cent lower abroad than here, where they rob behind the tariff wall while able to make steel for a little more than half the cost of the Welsh mills;

The steel trust to monopolize 95 per cent of the ore of the world, 60-900 acres of the Connellsville coking coal—practically the entire supply—while asking for "protection" on both coke and steel, and receiving it;

The railways to advance rates and threaten further advances, while paying the steel trust a "steal" on rails of \$7 to \$8 a ton, millions of unearned takings to the express companies, and other millions to select rings of insiders in the form of "fast freight," "refrigerator car" lines and the like, so that even the increased returns from 2-cent fares, saved rebates and the \$30,000,000 annual steal from the postal contracts with the government, can not silence their cry of "confiscation";

Trusts to operate behind a tariff on oil for the benefit of "infant industry."

The paper combine to continue its

exactions, in the face of a universal demand for free pulp;
Cannons.

Is Taft big and strong enough for the work which his distinguished predecessor left almost wholly unfinished? Or are the conditions which still hold his party in their grasp more powerful than his determination and more subtle than his resourcefulness?

Will he break the Cannons, Dalzells, Paynes and Aldrichs, or will they break him?

BRYAN ANOTHER HENRY CLAY.

Roosevelt's support and Taft's administrative record won. In spite of the tremendous assaults made on republican abuses by William J. Bryan, success attended that party.

With the conditions in the country never more favorable than today to the supremacy of the democratic party, as a result of revelations touching the malign influence in politics of corporations, the mischievous record of congress and the excesses committed against the law by swollen wealth, which has fattened off special privileges, there is but one conclusion that may be logically and fairly drawn from the result of the election—the defeat of democracy was due principally to the personality of its candidate for president.

Mr. Bryan, great statesman and leader and splendid citizen that he is, for other reasons which are largely of sentiment and prejudice, but nevertheless so real and abiding as to be insurmountable, is not the man the people of the United States desire for president and never can be. He is another Henry Clay, equally powerful in history, but even more hopeless in politics. His ambition for the presidency has received this time its final and death blow.

It is Mr. Bryan's duty, in gratitude for what democracy has vainly and unselfishly and at tremendous self-sacrifice tried to do for him, to repay the debt.

This he can do by giving the nominee of the party four years from now his loyal and sincere support.

The democratic party can not win with Bryan; neither can it win without him. He will continue to be a potent influence within its organization for many years to come, and the militant following he now possesses will always remain with him. He must make himself an impossible competitor for future nominations, and when the party finds the man who enjoys the support of its rank and file and the confidence of the public generally it will triumph, for the simple but sufficient reason that its principles are undying, and appeal to the self-interest and sympathy of the great citizenship of the nation.

And now that the big battle is over, the country will move along as if nothing had happened.

THE MISSOURI DELEGATION

It Will Stand Eleven Democrats and Five Republicans.

St. Louis, Mo., Nov. 6.—The congressional delegation from Missouri stands eleven democrats and five republicans. This is a net loss of one to the democrats. There has been some changing about politically in the districts.

The districts carried by the democrats are:
Floyd, in the First; Rucker, in the Second; Alexander, in the Third; Booker, in the Fourth; Bosland, in the Fifth; DeArmond, in the Sixth; Hamlin, in the Seventh; Shackelford, in the Eighth; Clark, in the Ninth; Gill, in the Eleventh, and Russell, in the Fourteenth.

The republicans elected Barthold in the Tenth, Condrey in the Twelfth, Elvins in the Thirteenth, Morgan in the Fifteenth and Murphy in the Sixteenth.

CLAIMS OF MR. HAMLIN

Expects to Have a Plurality of 1,000 Over Whitaker.

Springfield, Mo., Nov. 6.—Congressman Hamlin, of the Seventh district, declared last night that he had defeated Whitaker, all reports to the contrary.

Mr. Hamlin gave the following figures and says his plurality is 800 to 1,000 over Whitaker:

Hamlin's plurality in Pettis county, 200; Lafayette county, 120; Saline county, 1,300; Howard, 1,500.

Mr. Hamlin gives Whitaker the following pluralities: Greene, 600; Polk, 520; Hickory, 588; Barton, 550.

For children's parties, the Base Ball Game, and the Game of Archery—something you haven't seen, nor probably will not, any other place than West's Book Shop. Price, fifteen cents.

Auto Hill Club in Massachusetts.

Springfield, Mass., Nov. 6.—Under the auspices of the Springfield Auto

Spanish Mackerel

Black bass, crappie, red snapper, channel catfish, fresh and fine Friday.
Large oysters in cans, medium size in bulk—solid oysters, fine for raw, new or fry. Special lot fresh neuchatel cheese, each 5c

NEW NUTS—

DUE TO IRRITATION

The violent expulsion of air from the lungs, through the mouth, the result of an irritation in the air passages, is what is commonly known as coughing. This in turn irritates the mucous membrane of the breathing apparatus, causing discomfort and sometimes pain, and weakening the natural power of resistance to attack which these organs should possess.

To relieve a cough and at the same time soothe and heal the irritated membrane, the following simple formula will be found most effective. Take a half ounce of Virgin Oil of Pine compound pure, two ounces of Glycerine and a half pint of good Whiskey. Mix thoroughly and use in doses of a teaspoonful every four hours. This mixture makes a quantity sufficient to last the average family an entire year, and is said to break up a cold in twenty-four hours. Purchase the ingredients separately and mix them yourself.

Virgin Oil of Pine compound pure is a combination of the active principles of the Pine and Santalwood trees, and retains the healing, health-giving properties for which these trees are famous. It is put up for dispensing only in half-ounce vials, each vial securely sealed in a round wooden case. The genuine is prepared only by the Leach Chemical Co., Cincinnati, O.

CONGRESSMEN TO MEET

NATIONAL CAPITAL GETTING READY TO WELCOME LAW MAKERS.

MANY ARE BACK IN THEIR SEATS

Ways and Means Committee to Revise the Tariff—Special Committee to Investigate the Wood Pulp Matter.

Washington, Nov. 6.—The third day following the national election finds the national capital again filling up with the nation's law makers and government officials. Many of the latter who went to their homes to vote are now back at their desks, and the congressmen are gathering to take up the work preliminary to the next session.

The ways and means committee of the house, Mr. Payne, of New York, chairman, will meet to take up consideration of the tariff schedules for the promised revision of the Dingley law. There was an implied agreement between members of this committee that meetings should be held during the summer and early fall, but political conditions caused a change in the plans and members of the committee could not be induced to foregather here for the work.

The special wood pulp pulp investigating committee, Congressman James R. Mann, of Chicago, chairman, will meet to prepare its report for congress. Members of this committee have been busy during the summer and its work is completed. It is announced that there is to be a recommendation for a reduction of the tariff on Canadian wood pulp.

Senator Nelson A. Aldrich's committee on currency reform and the presentation of a plan for a perfected financial system for the United States is due to make its report by Jan. 1. Members of the committee have been in Europe during the summer and have studied the foreign system. Other members have been looking into the financial history of this country, with the purpose of determining just to what extent foreign plans may be adopted into the lack of system prevailing in this country.

There is a gathering of the subcommittee of this committee here this week for conference and comparison of plans. Reports given out are to the effect that the committee is not ready with any recommendations for a complete financial system.

Chairman James A. Tamm and other members of the house committee on appropriations will go over the estimates for government expenditures in 1909. It is desired to have this work done by the opening of congress in December, or before, if there should be a call for a special session, as has been suggested.

It is alleged that John Temple Graves, who was the vice presidential candidate on the independence party ticket, will have editorial charge of the new sheet.

BOSS OF UPPER HOUSE

NELSON WILMARTH ALDRICH, OF RHODE ISLAND, IS 67 YEARS OLD.

WILL RETIRE WHEN HE IS SEVENTY

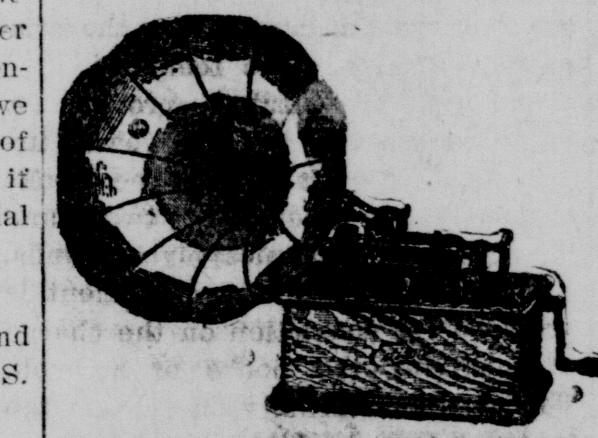

Born at Foster, in His Native State, and After Receiving an Academic Education Began Merchandising.

Providence, R. I., Nov. 6.—Nelson Wilmarth Aldrich, senator from Rhode Island and republican "boss" of the upper house of the national legislature, is today receiving the congratulations of friends on his 67th birthday. The senator took advantage of the occasion to reiterate his intention of retiring from public life when his term expires, March 8, 1911. He will then be 70 years of age, and he declares that the weight of advancing years is responsible for his determination to step off the stage.

As a matter of fact, Senator Aldrich is preparing to give up his position because congress is becoming more and more non-partisan. Each session it becomes more difficult to control and whip into line the unwieldy republican majority in the senate.

In recent years there has been a great influx of young men, and these refuse to recognize any boss but their own ambitions. Aldrich realizes that his power as a great and only tactical leader of the senate is waning.

Senator Aldrich was born in Foster, R. I., November 6, 1841, and after receiving an academic education, engaged in mercantile pursuits. He became a member of the Rhode Island legislature in 1875 and its speaker in the following year. He

The liquor men boast of their immense purchases from the farmer. The farm products of 1907 were \$7,117,000,000. The liquor interest purchased \$47,233,545 worth. This amounts to 64-100 of 1 per cent. While the farmer was receiving 99.36 from other sources they received 64 cents from the liquor business. This is admitting their claim that they buy \$110,000,000 every year. A sober nation would pay 12 times as much from the farmer. **THE DRYS.**

CHASNOFFS EXPAND

ILGENFRITZ ROOM AT 118 OHIO WILL BE PART OF THE SECOND STREET STORE.

DETAILS RRE MADE PUBLIC TODAY

New Arrangements Will Double Floor Space and Increase Stocks and Provide Entrances on Ohio and Second Streets.

Announcement was made today of the lease by M. Chasnoff of the Ilgenfritz room at 118 Ohio street. The negotiations have been on for some time, but the details were not arranged until today. This is an important step in the career of Chasnoffs, who have felt the need of more room for some time. It means larger stocks, increased accommodations for the patrons and conveniences, which on account of lack of space, could not be given in his present quarters. When all improvements are complete, Chasnoffs store will have two entrances, one on Ohio street and the other on Second street. The room at 118 Ohio street has natural advantages for connecting the two rooms and all that will be necessary will be to cut through the walls. The work was started today, and other improvements in both rooms, which include general alterations to suit the convenience of the new lessees, steel ceilings in the Ohio street annex, with a new front with large plate glass windows and the door centered. Mr. Chasnoff hopes to have his new quarters and all alterations in the old room complete and in shape for service not later than December 1.

In speaking of the improvements and expansion, Mr. Chasnoff said: "I have felt the need of more room for a year or more, and have been contemplating such a move for a long time. My business has grown to such proportions that it became an impossibility to serve my patrons with anything like the way I want them served. There is satisfaction in giving the right kind of service as well as in giving values, which to the latter the very liberal patronage and the gain as much stock. Every department is service and values that popularize, and I intend that both shall have full representation."

The new store will give Chasnoffs just double the floor space now utilized, which will necessitate nearly again as much stock. Every department will be increased. The shoe department, which has not had attention on account of the cramped space, will be doubled. The suit and cloak and millinery departments will be increased, and, in fact, every department will receive the attention the present conditions demand.

The growth of Chasnoffs has been substantial with its rapidity. In its ten years in Sedalia every year has shown a gain, and the new arrangements will doubtless give it a greater impetus and bring it to a higher standard of fitness to serve its patrons conveniently and with greater values.

FRESH BREAD HURT YOU?

MOST PEOPLE LIKE IT, BUT DON'T DARE EAT IT FOR FEAR OF INDIGESTION.

STOP STARVING YOUR STOMACH

Prove the Remarkable Digestive Virtue of Diapepsin Today—No Danger of Stomach Misery Following the Heartiest Meal.

Miserable is the man or woman who suffers from dread indigestion or dyspepsia. There are few diseases which create such misery, long drawn out suffering, as indigestion. It pursues them before meals, after meals and between meals; they take it to bed with them. It is with them wherever they go, though indigestion is the simplest disease of all to cure.

Tell such afflicted ones, dear reader, of Pape's Diapepsin; urge the sufferer to go to any pharmacy here and give 50 cents for a case. Such a sufferer would ever bless you, because five minutes after taking there would be no more indigestion, no feeling like a lump of lead in the stomach, or heartburn, or fullness and discomfort, no belching of gas or eructations of sour food, debilitating headache, nausea, water brash and other symptoms of a sour, disordered stomach.

Pape's Diapepsin will digest anything you eat without the aid of the stomach.

Diapepsin is a wonderful stomach purifier and splendid to keep the intestines clean and fresh; then your food will not ferment and poison your breath with nauseous odors.

Diapepsin will rest the stomach and increase the gastric juices; this is what is mostly needed—more and better digestive juices—and no gas—then indigestion and all stomach trouble will go.

Each 50-cent case contains sufficient to usually thoroughly cure the most chronic dyspeptic.

AMUSEMENTS

"The Volunteer Organist."

One of the most carefully selected organizations in our present season is W. W. Newcomer's "The Volunteer Organist," company which appears at the Sedalia theatre tonight.

The piece was staged by that past-master in the art of stage craft, Lawrence Marston. That Mr. Marston possesses remarkable gifts along this line is proven by the fact that it was he who staged the big Drury Lane melodrama, "The Price of Peace," for its run at the Broadway theatre, New York. He also staged Villa Allen's "In the Palace of the King" and "Unlabeled Bread," each of which were admitted to be flawless in regard to stage management and incidental action.

To "The Volunteer Organist" Mr. Marston points with pride as a result of his painstaking labor.

Ma's New Husband.

The latest musical farcical success, "Ma's New Husband," comes highly commended by playgoers and the press. It has music of the popular type, swinging and catchy, a book with lines that are bright, and a plot strong enough for a comedy drama.

The members of the company are picked farceurs, and the musical numbers and ensembles are pronounced entertaining and vivacious, and the action of the piece throughout sprightly and connected.

It will appear at the Sedalia theatre on Sunday night.

"The Geisha."

The announcement that the Stewart Opera company is to appear here on Thursday, November 12th, at the Sedalia theatre, will be welcomed with much enthusiasm by the music-loving people who can appreciate the fact that the vehicle used by the company, "The Geisha" is the most popular comic opera ever written.

It is little wonder that after a surfeit of stale and often rehearsed musical comedy—so-called—the public should hark back to the past and demand the real article in light comic opera.

The Stewart Opera company is fully equipped to meet this demand. It has a cast of players that have the stamp of approval. All of the scenery has been specially prepared for this production; the company has a largely augmented chorus of beautiful and experienced young women, while the other necessary details have been taken care of in like fashion.

FOR A MISSOURI KILLING

John Whitsett Arrested for Albert Albright's Murder.

Lawson, Mo., Nov. 6.—The coroner's jury in the case of the killing of Albert Albright met in this city yesterday and returned a verdict that he came to his death from a gunshot wound in the hands of unknown persons.

Immediately after the finding of the verdict, Delos Albright, brother of the dead man, swore out a warrant charging John Whitsett with the murder. Whitsett was immediately arrested and taken to Richmond and placed in jail. He will be held until Nov. 16, when his preliminary hearing will take place.

Whitsett was one of the witnesses at the inquest and gave an account of his movements on the day of the murder. Whitsett and Albright had had trouble previously, and in a quarrel two years ago over a line fence, Albright shot Whitsett in the right eye, destroying it. The wound almost proved fatal.

NO HUNT IN TEXAS

President-Elect Says No Chance for It—Doesn't Own Ranch There.

Cincinnati, O., Nov. 5.—President-elect Taft said today that there was hardly the slightest possibility of his going to Texas to hunt any time this winter. He added that no arrangements of any kind had been made looking to such a trip and none are contemplated.

Judge Taft said he would appreciate it very much if the erroneous impression could be corrected that he owns any land in Texas. "The ranch referred to," he explained, "belongs to my brother's wife, Mrs. C. P. Taft."

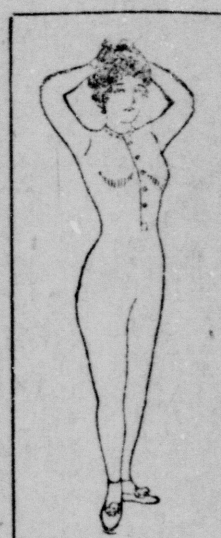

Held on a Bond of \$500.

George Kelly, a negro, arrested for illegal voting, waived his preliminary examination before Judge Leaming today and was held to the action of the grand jury in the sum of \$500.

Sioux Falls, N. D., Nov. 6.—It is
confidently asserted by opponents of
the proposed new divorce law that
the measure was defeated at the elec-
tion on Tuesday, but this is not con-

Arab Marksmanship.

Regarding the war in Morocco, the
last stages of which wrought havoc
among the French troops, a French
journal recalls a remark once made by
the French general, Canrobert, in de-
scribing the taking of Zaatcha in the
Arabian campaign.

"All around me," said the famous
general, "the staff officers were being
killed like flies. I alone remained un-
touched. Why? For a very simple
reason. As usual, I was wearing full
dress uniform, with all my decorations
and medals glistening in the sun. Con-
sequently the Arabs aimed at me per-
sonally."

The times have changed since then,
and the Moroccans are better marks-
men, as the French troops found to
their cost.

country lad.

NEBRASKA BY ABOUT 2,000

Late Returns Are Cutting Down the
Democrat's Plurality.

Lincoln, Neb., Nov. 6.—The feature
in the Nebraska election count yester-
day was the steady decrease in the
estimated Bryan plurality.

Returns complete from eighty-one
of the ninety counties in the state
give Bryan 121,080, Taft 118,699. The
nine remaining counties probably will
slightly reduce Bryan's plurality, but
they cannot wipe it out. The pros-
pects are he has carried the state by
a little over 2,000.

Seventy-eight counties give Shal-
lenberger (democrat) for governor
117,543, Sheldon (republican) 109,
882. Shallenberger's plurality will be
about 7,000. There is a possibility
that some of the other republican
state candidates are elected.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this
country most dangerous because so decep-
tive. Many sudden deaths are caused
by it—heart dis-
ease, pneumonia,
heart failure or
apoplexy are often
the result of kidney
trouble. If kidney
trouble is allowed to
advance the kidney-
poisoned blood will at-
tack the vital organs,
causing catarrh of
the bladder, or the kidneys themselves
break down and waste away cell by cell.
Bladder troubles almost always result
from a derangement of the kidneys and
a cure is obtained quickest by a proper
treatment of the kidneys. If you are feel-
ing badly you can make no mistake by
taking Dr. Kilmer's Swamp-Root, the
great kidney, liver and bladder remedy.
It corrects inability to hold urine and
scalding pain in passing it, and over-
comes that unpleasant necessity of being
compelled to go often through the day,
and to get up many times during the
night. The mild and the extraordinary
effect of Swamp-Root is soon realized.
It stands the highest for its wonderful
cures of the most distressing cases.

Swamp-Root is pleasant to take and is
sold by all druggists in fifty-cent and
one-dollar size bottles. You may have a
sample bottle of this wonderful new dis-
covery and a book that tells all about it,
both sent free by mail. Address, Dr. Kil-
mer & Co., Binghamton, N. Y. When
writing mention reading this generous
offer in this paper. Don't make any
mistake but remember the name, Swamp-
Root, Dr. Kilmer's Swamp-Root, and the
address, Binghamton, N. Y., on every
bottle.

PACIFIC COAST RACING

TOMORROW WILL MARK THE BE-
GINNING OF THE WIN-
TER SEASON.

A PIPE DREAM STORY IS BRANDED

It is to the Effect That Racing Will
Soon Be a Thing of the Past
in That Section of the
United States.

San Francisco, Nov. 6.—Tomorrow
will mark the beginning of the winter
racing season on the Pacific coast,
when the gates at Emeryville will be
opened and the hundreds of horses sta-
bled there will begin the annual whirl
around the famous Oakland track. The
meet, it is declared, will continue
as usual through the regular season.
Stories that racing will soon be a thing
of the past in this section are branded
as pipe dreams by the Emeryville
magnates.

A substantial increase has been
made in the value of stakes and
handicaps offered by the New Cal-
ifornia Jockey club for the coming
season.

In the past the Burns handicap, the
classic event of the west, has been a
guaranteed affair of the value of \$10,
600.

This season the association will add
\$10,000 to the Burns and it is esti-
mated that it will be worth \$14,000 to
the winner, double the amount of
previous handicaps.

The Thornton stakes, the historic
ten-mile event, will have \$5,000 ad-
ded, as will the Waterhouse cup, an-
other long distance race. To the
stakes will be added money affairs
with none less than \$1,000 added.
Other features are the California
derby, Christmas handicap, Gebhard
handicap and California Oaks. In ad-
dition to the stakes there will be fre-
quent overnight handicaps and spe-
cial races with from \$1,000 to \$2,000
added. President Williams also an-
nounced that the rule regarding the
minimum weights in handicaps will
be abandoned in the future.

PRINCETON VS. DARTMOUTH

Big Football Game Is Booked for To-
morrow Afternoon.

New York, Nov. 6.—New York will
be given a close range view of a big
football game tomorrow, when Prince-
ton and Dartmouth will struggle for
supremacy on the Polo grounds. Thousands
of enthusiasts will doubtless witness the game.

Princeton has many warm admir-
ers in New York, and this game not
only will be well contested, but it will
give some idea on the possibility of
the Tigers against Yale.

Dartmouth has slowly but surely
come to the front in football, and is
now rated among the better ex-
ponents of the game. It has a strong
team this year, and the green of Han-
over will rank high toward the close
of the season.

Many football experts will be present
to witness the contest, which has
attracted great attention, owing to
the fact that Dartmouth is conceded
to be a dangerous team for any col-
lege to meet. The Polo grounds,
with its enlarged grand stand, is 50
per cent better than it was for foot-
ball purposes, and there will be a fine
view of the game from every seat of
the great amphitheater.

WILL INCREASE THE CAPITAL
\$2,500,000 FOR A VIR-

Various Sources for the Benefit

Readers.

For the purpose of increasing the capital stock \$2,500,000, from \$33,500,000 to \$36,000,000, the stockholders of the Virginia Railway company convened at Norfolk, Va., today. The road is a Standard Oil concern and is rapidly nearing completion from the West Virginia terminus to Sewall's Point end.

Henry H. Rogers was recently re-elected president of the company at a meeting in New York. It is presumed that the extra money is needed for the completion of the road.

Raymond DuPuy, vice president and general manager of the Virginian, stated that there is about fifteen miles of the track yet to be laid between Deepwater, W. Va., and Norfolk. The road, said Mr. DuPuy, would hardly be completed before the first of the year.

The magnitude of the company's coal pier at Sewall's Point is now apparent as the gigantic steel structure nears completion. It is from this pier that the soft coal brought to Norfolk from the West Virginia mines over the Virginian will be shipped coastwise and foreign.

Wreck on Katy Near Higbee.
One of the worst wrecks that has occurred on the Hannibal division of the M. K. & T. for nearly a year happened at 6 o'clock yesterday morning at a point one mile below Higbee, says the Moberly Democrat of last afternoon.

Freight train No. 443, which left here at 5:30 o'clock, was running at full speed to make up lost time, and at the point named above a flange on one of the car wheels broke, derailing six cars.

They were all loaded, and their contents, which was merchandise, was scattered in all directions. The cars were torn almost into kindling wood and the track was torn up for quite a distance.

No one was injured in the smash-up, but things were so badly torn up that a track was built around the wreck, and traffic was delayed seven hours.

The wrecker was called out from New Franklin, but the wreck will not be cleared away before tomorrow. Passenger train No. 53, which leaves here at 5:30 a. m., didn't get to the wreck until 1:30 this afternoon.

Had a Truly Narrow Escape.
Harry Wilkinson, a Missouri Pacific blacksmith, is in receipt of a letter from home folks at Tonka, Kas., announcing a narrow escape had by his half-brother, Frank Langley, at Tonka Monday.

Mr. Langley fell from a viaduct, a distance of fifteen feet, and rolled onto a railroad track just a second before the arrival of a train. He lay flat on his back between the rails and the train passed over him, with the result that he sustained a fractured right arm and an injured hip.

To Have New Hime Card.
A new time card, No. 15, will be put into effect by the Missouri Pacific-Iron Mountain system at midnight tomorrow night.

The principal changes are reducing the time of several trains and lengthening the time of others. None of the changes will be noticeable on this division.

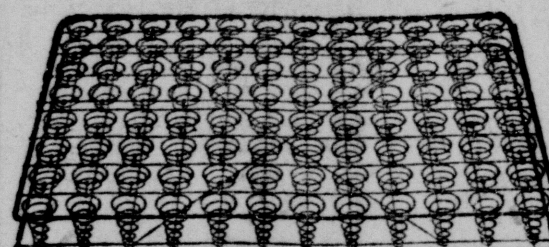

Missouri Pacific Earnings.
Railway earnings are reported as follows in a New York dispatch: Missouri Pacific—Fourth week in October, \$1,578,000; decrease, \$64,000.

The hours at the Illinois Central shops at Paducah, Ky., were yesterday reduced from nine to eight a day and 200 men were discharged.

A reduction is made at the shops about this time each year, but as the shops had not been running full time but a few months, not much of a cut was expected this year.

F. D. Lister, a Missouri Pacific conductor, has resumed work, after a few days' lay off.

B. W. Keown, a Missouri Pacific baggage man, returned this afternoon from a visit at Jefferson City.

So far in November, only eight Missouri Pacific employees have been treated at the Katy hospital.

Since January 1, 1908, 3,139 M. K. & T. patients have been treated at the company hospital in this city.

Vic Merchant, of the M. K. & T. plumbing department, came in from Nevada last night on company business.

James Riley, electrical engineer for the M. K. & T., is here from Denison, Texas, on company business.

J. H. Lafferty, a Lexington branch passenger conductor, is laying off, and P. F. Sullivan is filling the place.

S. K. Bullard, superintendent of telegraph for the M. K. & T., went to Parsons, Kan., today on company business.

N. P. Kemp, of the Missouri Pacific secret service department, returned this morning from a business visit at St. Louis.

A. W. Spicer, yard telegrapher for the Missouri Pacific, who is ill with pleuro-pneumonia, is no better today. He is at the point of death.

Louis Brown, an M. K. & T. car repairer, is off from work, on account of a laceration of the scalp and a contusion of the right lower jaw.

William Hausgen, supervisor of bridges and buildings for the Missouri Pacific, returned this afternoon from a business visit at Washington, Mo.

C. C. Clayton, of Kansas City, traveling accountant for the Missouri Pacific, is here this afternoon, after a business visit at points on the east end.

W. Herbert Ross, of the Katy's electrical department at Parsons, Kan., is in the city receiving treatment for rheumatism at the company hospital.

"Pick" Pennisten, an M. K. & T. brakeman, is temporarily working on the Clinton switch engine in place of Charles Gorrell, who is taking a few days' lay off.

A. J. Alexander, superintendent of the Missouri Pacific, who was called to Mobile, Ala., over a week ago by the illness of his sister, returned home last night.

W. C. Turner, general chairman of the grievance committee of the O. R. C. on the Missouri Pacific, returned home to St. Louis at noon today, after a business visit in this city.

G. H. Light, a Missouri Pacific conductor, will return to Tipton tonight, after coming home to vote. Mr. Light will very likely succeed Conductor C. Y. Lawrence as conductor on L. & S. trains Nos. 212 and 217.

An official circular was issued by Superintendent Finney today, complaining of the breaking of seals on company cars at various points along the line for the purpose of pilfering the cars, and especially is the practice carried on between Nevada and Parsons, Kan.

K. M. Simpson, recently of Detroit, Mich., who has been temporarily filling the position of stenographer in the general telegraph offices of the M. K. & T. in this city, left this morning for St. Louis to accept a similar position with the commercial department of the Santa Fe railway.

TAMMANY TIRED OF MURPHY

A Determined Effort to Oust the Political Boss.

New York, Nov. 6.—Tammany leaders do not hesitate to say that Charles F. Murphy was to blame for the slump in the democratic vote in this city. They recalled that ever since he has been the leader of the organization he has failed to bring out the old time Tammany vote with the exception of the first year, when George E. McClellan ran for mayor.

When Mayor McClellan ran the second time he was near defeat and two years ago Hearst, because of the small plurality he got below the Bronx, was beaten by Hughes. One of the democratic leaders in this city said:

"If Mr. Murphy remains the leader of Tammany hall until next year we will have another republican mayor. I know R. Fulton Cutting, president of the Citizens' union, has begun ne-

LEITER'S MINE IS AFIRE

EFFORTS TO CHECK FLAMES IN PROPERTY AT ZEIGLER, ILL., UNAVAILING.

ALL OF THE WORKMEN RESCUED

One Shaft Is Sealed and Water Will Be Turned on Other Today—Was Operated by Non-Union Men.

Zeigler, Ill., Nov. 6.—The Joe Leiter mine at Zeigler is on fire, and all efforts to check the flames having failed, preparations are being made to flood the entire mine.

All the miners at work were rescued, but were compelled to abandon

four mules to their fate. The origin of the fire is unknown.

The mine is the largest and most complete in the state, and since the strike two years ago, has been operated by non-union labor. It is enclosed by a high stockade and under guard day and night, none being allowed to enter except on an order from the Chicago offices.

To save the mine from complete destruction, which would mean the loss of more than \$1,000,000, one shaft is being sealed and water will be turned into the other shaft.

The main body of the mine is aflame and the fire is the worst in the history of the district.

It was this same mine in which sixty men were killed in an explosion two years ago, and which for three months during and after the strike was guarded by troops.

Several men were shot to death during that period.

The Leiter property consists of 8,000 acres of the richest coal lands in Illinois, and the Chicago millionaire's mine is the only one in the district that is operated by non-union labor. A relief train from Benton will reach here this morning.
